

# EnerClo

ATESS monitoring cloud platform for different applications including residential, commercial, and utility grade on/off grid solar storage systems.

## Features

-  Quick and easy overview
-  Professional analysis
-  PC and mobile phone accessible
-  Real-time monitoring
-  Detail report downloadable
-  Online control and maintenance

## EnerClo

### Languages

Available languages Chinese, English, German, French, Spanish, Arabic, Ukrainian

---

### System Requirements

Supported operating systems All  
Recommended browsers Internet explore 8, Firefox 5, Google chrome 14, Safari 5, Opera 11  
Supported data logger EnerLog

---

### Access

Website [www.enerclo-atesspower.com](http://www.enerclo-atesspower.com)

---

### Plant Information

Plant overview Quick yield overview of all your PV plants  
Specified plant All important data at a glance including energy output, yield gains, environment status  
Plant installation data Summary of all plant information which contains installation data, location data and other key devices  
Device overview Display of all important data about data logger, environment monitor and other key devices  
Time period 5 mins

---

### Plant Management

Account User could manage all PV plants with one same account

---

### Monitoring

Inverter status All inverter running status are recorded automatically, the warning of fault is highlighted immediately

---

### Status Reporting

Event reports Timely e-mail reports on system fault and plant error

---

### Background Operating

Plant management Add new plant, edit and delete existing plant  
Device management Intuitive operation to manage all devices  
Inverter setting Simple parameters setting for inverters including power management

---
